IMPORTANT GOVERNMENT ORDERS

REVENUE SECRETARIAT

Passes order *re* Medical Aid to Government servants and their families.

ORDER NO. M. 13642-741—MED. 109-54-1, DATED BANGALORE, THE 4TH OCTOBER 1954.

The Committee constituted in Government Orders Nos. M. 7849-51—Med. 68-48-4, dated 7th August 1950 and M. 451-52—Med. 77-51-3, dated 14th April 1952, in connection with the revision of hospital charges, recommended that all Government servants and their families be given free medical treatment.

2. Government in agreeing with the above recommendation are pleased to accord sanction to the following concessions in respect of medical treatment for all Government servants in the State.

(1) All Government servants and their families will be entitled to free treatment in all Government and Local Fund Hospitals and Dispensaries both as out-patients and as in-patients.

The term "family" means the wife, legitimate children and step-children of a Government servant residing with and wholly dependent upon him.

(2) They will be entitled to accommodation as in-patients with reference to salary drawn by them as indicated below :—

(i) Salary Rs. 100 per mensem and below ...	General wards.
(ii) Salary above Rs. 100 per mensem and up to Rs. 200 per mensem.	Rs. 2-8-0 paying wards or similar wards.
(iii) Salary Rs. 200 per mensem and above and up to Rs. 500 per mensem.	Three bedded paying wards or similar wards.
(iv) Salary Rs. 500 per mensem and above and up to Rs. 800 per mensem.	Two bedded paying wards or similar wards.
(v) Salary Rs. 800 per mensem and above ...	Single bedded wards.

(3) Treatment will not include tonics and special medicines which are not ordinarily kept for use in the hospitals. The Government servant concerned will have to pay for such special medicines and tonics. This does not mean that the patient will be denied the free use of a drug which though new to medical science is acknowledged to be of paramount importance in the treatment of diseases such as Streptomycin, Penicillin, etc.

(4) They will be entitled to free treatment in their houses when in the opinion of the Medical Officer the case is of such nature that the patient cannot be moved to the hospital without grave danger to the life of the patient, or where the matter is of such urgency that for immediate treatment the Medical Officer has to proceed to the residence of the patient and treat him.

(5) Patients will have to make their own arrangements for conveyance to go to the hospitals and return home, except in cases where the Government servant suddenly falls ill when on duty in any place where there are no medical facilities and has to be removed to the hospital quickly. In such cases cost of transport of the Government servant to the nearest hospital for proper treatment will be borne by Government.

(6) Government will bear the cost of treatment of a Government servant for the purpose of protecting himself by prophylactic inoculations and vaccinations against infectious diseases if his duties require that he should move or reside in areas where there are likely to be infectious diseases.

(7) No Government servant who has put in less than six months service will be eligible for these concessions.

(8) No Government servant will be entitled to any free treatment by Dentists or Oculists for purposes of removal of teeth or prescription of glasses or for supply of dentures nor will Government bear the cost of new glasses or dentures as the supply of the same does not come under the category of medicine or treatment.

(9) These concessions will not apply to Government servants who are on deputation or on leave outside the State and will apply only to Government servants in service and not to retired officials.

(10) No Government servant will be entitled to free treatment in any Government hospital for venereal disease or for a disease brought about by his intemperance or in a Mental Hospital.

(11) Government servant taking ill while travelling outside the State on duty will be reimbursed by the Government according to the following scale of medical charges incurred by him for treatment in any Government hospital of the State where he took ill. These scales are the maximum and are payable if supported by proper vouchers only under special orders of Government :—

Rs. 100 per mensem and below ...	Rs. 2 (Rupees two only) per day.
Above Rs. 100 per mensem and up to Rs. 200 per mensem.	Rs. 3-8-0 (Rupees three and annas eight only) per day.

From Rs. 800 per mensem and above ...	Rs. 7-8-0 (Rupees seven and annas eight only) per day.

Government reserve the right to interpret or vary these rules and the decision of Government in any particular case will be final.
